

April 28, 2009

Call a Public Hearing: ZA09-0003
Owner(s): City of Frisco

DESCRIPTION:

A request to call for a public hearing to amend Article II, Section 3 of the Comprehensive Zoning Ordinance regarding Commercial Cell Antennas. SI

REMARKS:

Staff has been working with a consulting group to prepare a City wide plan for the location of Commercial Cell Antennas and support structures. Formalizing the plan will require that the Ordinance be amended to allow for commercial cell antennas to be located in agricultural and residential zoning districts. Staff asks that the Planning & Zoning Commission call for a public hearing to allow staff to present the plan for consideration.

RECOMMENDATION:

Recommend that the Planning & Zoning Commission call for a public hearing on amending the Comprehensive Zoning Ordinance.
